Rob, You were a smart man, and a great friend. To me, you were a great DAD! You taught me a lot about respect, being true to yourself, and a strong work ethic. You were there to step up to me in my struggles when no one else would. You were there for all the tough love you could possibly hand out. You helped form the person that I am, and still trying to be! I cannot express how much you will be missed by everyone who knew you! You've left a deep impression on everyone around you, some so deep it's become OCD. I love you and will miss you more than you know!

Dear friend today is the day you will be laid to rest but you know what they say, God only takes the best. Everything happens for a reason even if we may not agree; Just promise to look after us and if you can, save us a spot for me. The thought of never seeing you again brings tears to my eyes and even more so because all of this was such a surprise but we should never question what God has planned - sometimes it's not meant for us to understand. So as we sit here and mourn the loss of a beloved friend we have to keep telling ourselves that we will meet again I did not write this poem, but I loved it so much I hope it helps us all we all loved Rob very much

I only had a chance to know Rob for a little over 2 years. In that short time (which he was my boss at American Mechanical Insulation in Lansing MI.) I learned a lot from him. Mostly what a great guy he was and probably the best boss i ever had. He really knew how to make his employees feel like they mattered. The second year he was there our branch out sold the company's main branch in sale by quite a bit and he threw one of the greatest company partys iv'e ever been to. Rob will be missed by a lot of people, i for one feel i am a better person for knowing him. THANKS BOSS!! thoughts and many prayers to the family

Rob and I have been on a few rides together, I enjoyed his company and there was zero B.S. when he spoke. I enjoyed working with him at Pringle and he made working there a joy because any job that he had, he would let you know when it was ready and allow you not to waste your time. He was the builder I never let down, even if he got into a bind. I made sure HIS work was done! Very sad to here this. I have been out of the business for 9 years, he is still in my phone and always will be .
