To Teresa and children of Ricky Carr: My sincerest condolences on your loss. Ricky Carr was an outstanding person and I'm glad I knew him and considered him a friend. Another person from that organization shared a photo of him on a Facebook page and I had to do something. I admired Ricky so much. We served together from 1988 through 1990 in Delta Company 3-35 Armor. I considered him a friend. He had an infectious personality. He was hard not to like. He was and is a good man. I lost touch with him after I left the company for another assignment. There is a saying in the army, you never say goodbye, but until the next time we meet. Only that never happened. But I never forgot Ricky or any of the others in my platoon. I'm the guy in the picture shaking Ricky's hand at his enlistment. I believe it was my first one I played a part in... I read his oath. It meant so much to me that a man like him wanted me to be a part of his special day. That he saved the photo means maybe it meant a lot to him too. I've tried to reconnect with people I was associated with back then but didn't have much luck. People like Ricky are old school and private. I respect that, Still, I wanted to reinforce what you already know, that Ricky Carr was special. By the photos in the tribute it looks like he had a wonderful life. I am so proud for him and you. He will be missed. Respectfully, Jeff Knight

My darling Rick, I sit here the night before your memorial service and I have to admit I'm lost. But with the help of your wonderful sons, I will get through this. And as I sit here with our youngest talking about you I had a wonderful memory of the first few times I ever saw you. Working at McDonalds this gorgeous guy kept coming in telling me how beautiful I was and how much he loved my smile. I finally met this guy a few months later sitting at the post bowling alley drinking a beer. You introduced yourself. The night I met you it was March 12, 1981 at 7pm. Five months later you and I were married. We had some rough times but the absolutely fantastic times way outnumbered them. I love you Rick, I will always love you and I miss you so very much. Your wife, Teresa Carr

Sitting here thinking about you and all the great times we shared. I know wasn't the most patient child in the world but treated me like your little prince. I remember all the times it was just me and you, you would take me to Palm gardens and always get me chicken fingers with ranch. Me and you bumped heads a lot when I was young because I knew everything. But you stuck by me through all my trials and tribulations you were such an amazing man and an even better father. If I could I would take your place but I know we'll meet again one day. Me and Ricky are doing the right thing and taking care of momma like you would've wanted. Thank you for everything daddy you'll never be forgotten. I LOVE YOU DADDY

Dad I love you. We were blessed to have known each other 34 years with many memories to reflect on. I know you were in a lot of pain. You were a tough hard working man that would do anything for the family. I did not want to see you after you went, because I wanted to remember seeing you at your work a week ago. Mom made me comfortable with going in and being by your side. I am so glad I did, dad you were so at peace that I felt a lot better the moment I laid eyes on you. Your strength is in me and always will be. I'm proud to be your Rick Jr, and will continue to represent our name well. Thanks for putting a fishing pole in my hand, our times spent on the water are cherished. I love you. Your son RLC JR

Ricky was always laughing. I remember his first word - water. He would make a fishing pole out of a tree branch. All he needed was fishing line and a fish hook. I remember when he joined the Army, I tried to get him out of Fort Knox. He felt like my baby and I love him so much.
