I was in a total state of disbelief when I went on your page to see how life was going for you. I can not wrap it around my mind that you are gone. Though we have slim to no communication I thought about you often. I have so many great memories of the life we once shared together. I will miss you and feel so sad that I couldn't be there for you through this horrible time. I am sure Dannyboy & SirPrize were at the golden gates ready to slobber all over you. I know you are at peace because your soul was pure. I love you and will miss you ❤️ Till we meet again my friend ❤️

I will miss you my friend! I can remember the first time I met you and Tank at the dog park. You were a special and loved friend to me and my dogs. Tank is very loved here at our house. He is enjoying his favorite rug. Please hug Gus for me. I know he will be happy to see you again.

Tank looks very content. Jean had a magic with pups. She will be very sadly missed 😞
