## **Elaine Daly**

APR 11, 1934 - OCT 5, 2020

**E**laine Daly, 86, went to be with her Lord on Monday, October 5, 2020. Born in Manhattan, New York to Andrew and Sophia (Pashkewich) Charley on April 11, 1934, Elaine was a true renaissance lady. She had a hand and interest in everything from gardening and astrology to natural healing and herbal medicines. She enjoyed pinochle, traveling and learning of historical places, and she loved to nurture others with her cooking. She was a former employee of AT&T, Sperry Gyroscope and Suffolk County Surrogate's Court. Elaine is survived by her beloved husband of 66 years, Thomas; her son, Tom Daly of Hatfield, Pennsylvania; daughters Terri Burns (John) of Orlando, Florida, and Lee Daly (John Bone) of Tampa, Florida; two grandchildren, Katie and Becky Burns, and brother Andrew Charley (Maria) of Virginia Beach, VA. Elaine was predeceased by her brother Robert Charley (Maureen) of New Hyde Park, NY. She was part of a large, close extended family of many beloved cousins. At her request, a very simple gathering of family and friends is scheduled for Friday, October 16th from 3:00 to 4:00 PM at Steverson, Hamlin & Hilbish Funeral Home, 226 E. Burleigh Blvd., Tavares, Florida 32778. A celebration of life service will begin after the gathering, starting at 4:00 PM. In lieu of flowers she suggested supporting St. Jude Children's Research Hospital. [www.stjude.org](http://www.stjude.org)

**Anna Palchik** posted:

When I think of Elaine I remember her softness, and her tender spirit towards others. She was always a lovely presence in the room, the one smiling warmly, inquiring after others and delighting in everyone's company. What a beautiful woman she was both inside and out. As a child I personally aspired to be like her. I must say I still feel I can learn from her example on how to live a good, full life. Elaine was one of the rocks of support in the Pashkewich family. Present at family gatherings until moving to Florida, she participated in most of the traditions of the family including Christmas with Santa, Easter, summer backyard get-togethers, weddings and funerals. She was part of the glue that held the family together. This glue seemed to be made of love and kindness. Even in recent years when it was a struggle to correspond, I would still receive a card from her and know that she was sending her love. I am so grateful for her presence in my life and will keep her in my memory and heart forever. Her presence on this earth was a true gift to all of us. Anna Palchik

**Lee Daly** shared 5 photos to the **Tribute Wall** album.

A natural beauty inside and out, my mother has been so influential in my life. She taught patience, tolerance, love of nature, the comfort of a hug, and the importance of a good night's rest. She never wanted us to take anything or anyone for granted. She was always looking for ways to learn and improve. Her love for my father only grew during their 66 years of marriage and together they made a wonderful team who mutually supported, challenged and encouraged each other (and their children). There are numerous herbs and flowers that she loved to grow: gardenia, magnolia, peony, lilac, lilies, petunias, impatiens, azalea, rosemary, basil, iris and lavender. Whenever I smell and see these flowers I will remember her heart. I appreciate everyone who has reached out with words of comfort. Instead of sending flowers that will wither in time, maybe just plant some in a place that nobody would expect. Cultivate a surprising spot of color and beauty to brighten someone's day. I think she'd appreciate that.

Elaine was a dear, sweet friend for 35 years. If anyone at work had a "sick" plant, Elaine would nurture it back to health. She worked her magic on people too! She was a wonderful, creative, inspirational lady who will never be forgotten. Rest In Peace, dear friend. Our prayers are with Tom & the family. Barbara & Don Marino

Wow! What a beautiful woman who my relatives that knew her better describe as the life of the party. My daughter who has taken up window sill gardening will be thrilled to take up the challenge of cultivating some surprising floral spot of color in her honor. The legacy continues amid the deepest sympathy for your loss.
