I had not seen Patrick since 1977, when I left Florida and moved to Charlotte, NC. We went to elementary school together and used to hang out after school. It was shocking to hear the news of his passing, relayed to me by my sister. Although it has been many years, I feel a sense of loss in his death. R.I.P. To the family and friends of Pat,I am so sorry to hear about the loss of Pat. I attended Mainland High School with Pat, and I also had the opportunity to work with Pat's dad (Halifax/ Volusia County Fire Dept.). Pat was a stand out at Mainland Sr. high, whether it was playing sports, going to class, or just walking the hallways Pat was a good friend to all, and always displayed good morale charter in what ever he pursued. He was a stand up guy! Again, I'm so sorry for your loss. Our heartfelt condolences go out to you in this time of sorrow and loss.When someone you love becomes a memory, the memory becomes a treasure. ~ Author UnknownMark EdgilPort Orange, FL##imported-begin##Mark Edgil##imported-end##

Patrick & I went on many adventures together! We moved 2 California, adopted a shar-pei together & many other things! :)I can honestly say we never had an arguement, he is the most gentle natured,loving man I have ever met. He always just tried to make me feel safe.We always had fun and little sayings that only we would know what we were talking about. We just kind of fizzled out slowly after we lived in California & he couldn't get a bartending job. He was the one to suggest he move back to Orlando. I know he always told all his buddies~no money-no honey-but it was just a mutual thing. I Have never stopped loving him and I know he still loved me. We had made plans to have lunch this fall during football season. My heart is broken.##imported-begin##Tammy Nugent##imported-end##

Today I said goodbye to an old friend. I really don't know what to say about Pat that hasn't been said. But I would like to share a little something with Pat's family and our friends. I was at work the day I got the news. Like Pat, I am an electrician, and am working on a project at Bethune Cookman University. After I got the call I returned to my task, I was working in a live electrical panel, and was distracted by my thoughts of Pat when through my head came the thought "Stop worrying about me, and pay attention to what you are doing before you get hurt!" Just like Pat, worrying about others first. Goodbye old friend, and my sympathy to both the Reese and Davis families.##imported-begin##John G. Tice Jr.##imported-end##

To the family I would like to let you know how sorry I am for your loss. I didn't know Pat personally but after attending the funeral and listening to everyone speak I definitely got a glimpse into what a wonderful man he was and how he lived life to the fullest. You must be so proud of him and the gift that was given to you by God 44 years ago. What a blessing to have had him in your lives and what a blessing to those who knew him. I am very sorry to hear about Pat's passing. Pat was one of the first people I met when I moved to HH in '78 - We were at HH Jr. High and I remember how big Pat was - in size, character and passion for fun. Our pictures were often side by side in school year books (Reed, Reese) and it was always fun to look back and laugh at how we both wore puca shell necklaces (it was cool back then) - I sat next to Pat at HS graduation and remember how we both opened our envelopes with great trepidation, wondering if there were going to be diplomas or a 'See you in summer school' letter - we both made it!!I've missed Pat over the years - I miss him now.God bless.##imported-begin##Todd Reed##imported-end##

The only positive that comes out of a young person's death are good memories. I can take many of those experiences with me. I will fondly remember lots of crazy times while working with Pat at Church St. Station. Pat's big smile and infectious smile will forever be in my mind. Watching him deal with certain people while behind the bar always made me laugh. Seeing Pat throughout the years at UCF games with BBD reminded me of long last friendships.
