Dear Burt, what an amazing man you were. Dedicated father, grandfather and husband. You were always full of such love for your family and those who crossed your path. From the moment I met you, you embraced me as one of your own and always showed such love and respect for me. And for that I am truly grateful. You have touched my life and heart in so many ways. And I consider myself truly blessed to have had you in my life. Although it brings sadness to all of our hearts to not have you here anymore. I know in my heart you're walking with Jesus, and how awesome that is. I love you dearly and promise to do the best I can to take care of your girls. See you in Heaven burtman. Love

Being the youngest child and only daughter I am a daddy's girl in every sense of the word. I've been humbled & blessed for the fact that I had a father like him and was able to share him with my daughter, Anjalee (the apple of his eye). He's strong minded, hard working, prideful, passionate, loving, and my protector. Our time together is irreplaceable and the very beat of my heart. From playing my lil ponies with me to riding real ponies. Working on cars together to him buying me my own. Dad, now you are my Angel, so spread your wings out wide... I promise to make you proud but you gotta promise me one thing too... gently wrap your wings around me when you start to see me cry. Love you always and forever, Your baby girl Christina. xoxox###imported-begin###Christina Pinkerton###imported-end###

Chrissy - I remember seeing your dad singing with your mom. They both seemed very happy. I think he had his work uniform on. I know how much you loved him and it's sad to see someone so young pass from this world. You have your memories to keep him alive and no one can take that from you. My sincere sympathies to you and your family. Love and prayers,Sharon##imported-begin##Sharon Sells##imported-end##

Oh Pops, I could go on and on for days about stories of you. I have known you for 20 years and throughout those 20 years you have always been an amazing man. Over the years I was always in and out of your house and no matter how long it had been since you had seen me you always made me feel loved and accepted as a father does his daughter. He always showed how much he loved his wife, I can remember countless time coming home with Burt and Chrissy and there being flowers on the table :) No matter how much we drove him crazy at times especially as teenagers he always managed to laugh and have fun with us. I remember I was so mad the first time he made me sing...but fell in love with the fun we all always had. Thank you Burt and Chrissy for always sharing your dad with me. I treasure all the fun and laughs we've all had over the years. Anyone who ever spent any amount of time with him knows how much he loved his family and valued his time with them especially this past year. Pops, I always knew if I dropped by you would greet me with a smile and always remind me I was the "sassy" one. I will miss just knowing your here. I know you have your wings and your having the time of your life probably singing and dancing your heart out in heaven! You will be missed but we will all see you again one day.###imported-begin###Wendy Padilla###imported-end###

I will forever cherish all the memories I shared with my Uncle. I loved how he used to call Chrissy and I "His Girls" and that I was his second daughter. I will always treasure the times we sang together and every time I hear those songs I will think of him. Especially when I hear "Picture" by Cheryl Crow and Kid Rock as that was our typical duet on karaoke nights. I thank him for making music and singing constant in my life. The memories from Georgia to North Carolina to Florida will always be in my heart. I will always relish in the fact that he was able to attend my wedding and gave an amazing speech titled "My Angel". He loved his family so much, one can only strive to be that passionate. I will remember how him and my dad coached Pop Warner for Lil Burt, Andy, Chrissy and I and how we had so much fun and how much he loved doing that with us. I will continuously maintain close relationships with his loved ones as he would have liked. I am thankful for the years of memories I will hold close to my heart. Now that his suffering has come to an end and he is now at peace he is able join the rest of our loved ones in heaven. I will always love you now and forever. He has brought us love and affection and participated in all family activities along with fun & laughter.Burt was always a genuine person,thoughtful,considerate family man. He loved to sing ballads, and placed his wife on a pedestal. Burt loved his children and enjoyed the grandchildren in play. He was a devoted, hard working man and enjoyed working in the car industry, he was a perfectionist in every aspect.
