“ I met Judie back in her Foodway days when I was the young, impressionable girlfriend of a stockboy there. I always appreciated how she seemed to go out of her way to interact with me. She always made me feel so comfortable and made me laugh every time I visited. I did not realize until today that I also have the privilege of knowing her daughter Tammy through work. May her family rely on their love and memories of her to get them through this very difficult time. <3

“ I met Judie through her daughter Tammy and although it was several years ago, I remember her welcoming smile and laughter and feel fortunate to have visited with her even for those brief times. She made you feel comfortable as if you were home. I know she will be greatly missed and I pray that the family will feel the comfort and peace they need to endure this difficult time.
